핵심질문 2

문헌정보	연구유형	대상자 수	문헌 질 KCIG
Intraoperative 3D imaging of the facial skeleton using the SIREMOBIL Iso-C3D	observational	65	4
The use of cone beam computed tomography in the management of isolated orbital floor fractures	case report	2	5
X-ray-Based Volumetric Imaging of Foreign Bodies: A Comparison of Computed Tomography and Digital Volume Tomography	case-controlled study	60 sample	3
Intraoperative 3D imaging of the facial skeleton using the SIREMOBIL Iso-C3D	case report	3	5
Postoperative Imaging of Zygomaticomaxillary Complex Fractures Using Digital Volume Tomography	observational? Or original article	10	4
Intraoperative imaging of zygomaticomaxillary complex fractures using a 3D C-arm system	observational? Or original article	14	4
The role of cone beam computed tomography in the management of unfavourable fractures following sagittal split mandibular osteotomy	case report	2	4
Clinical indications and perspectives for intraoperative conebeam computed tomography in oral and maxillofacial surgery	observational? Or original article	179	4
Major Mandibular Surgical Procedures as an Indication for Intraoperative Imaging	observational? Or original article	125	4
an Indication for Intraoperative Imaging			
Imaging of maxillofacial trauma: Evolutions and emerging revolutions	review		5
Preliminary functional results of endoscope-assisted transoral treatment of displaced bilateral condylar mandible fractures	observational?	13	5
Cone beam CT imaging of airgun injuries to the craniomaxillofacial region	case report	3	4
Clinical indications for digital volume tomography in oral and maxillofacial surgery	case report	4	5
Computer-assisted reconstruction of orbital floor based on cone beam tomography	case report	1	5
Diagnostic accuracy of cone beam computed tomography and conventional multislice spiral tomography in sheep mandibular condyle fractures	case-control study	63	2
Applications of cone beam computed tomography in dental and oral medicine.	review		5
Applications of cone-beam computed tomography in fractures of the maxillofacial complex.	review		4
External Validation of University of Wisconsin's Clinical Criteria for Obtaining Maxillofacial Computed Tomography in Trauma	Validation Studies	167	3
Incidence of intracranial injury in orbital wall fracture	observational	677	3

patients not classified as traumatic brain injury	studies		
Prevalence of Temporal Bone Fractures in Patients with Mandibular Fractures Using Multidetector-Row CT	observational studies	201	4
Evaluation of pterygoid plate fractures unrelated to Le Fort fractures using maxillofacial computed tomography	observational studies	178	4
Diagnostic reliability of low dose multidetector CT and cone beam CT in maxillofacial trauma—an experimental blinded and randomized study	Randomized Controlled Trial	6	2
Validation of Clinical Criteria for Obtaining Maxillofacial Computed Tomography in Patients With Trauma	Validation Studies	179	3
Indications of cone beam CT in head and neck imaging in children	Comparative Study	554	4
